SUPPLEMENT TO
REPORT NO.

25X1X

1. The following report is the translation of a copy of the official production plan for electronic tubes and instruments at the Oberspreewerke (OSW), Berlin-Oberschöneweide, for January 1951. The various products, radio tubes, technical and transmitter tubes, cathode ray and rectifier tubes, television tubes, tube elements, stabilizers, and electronic instruments, are indicated according to OSW type number. The backlog in production of each unit on 31 December 1950 is indicated, along with the planned production for January 1951, and the actual commitments for the month.
